

## messagehub Best Performing Reseller Award 2007

Visit us at Stand E60  
and see the prize for yourself...

messagehub is a state-of-the-art, fully managed, hosted service that integrates into one product all the core values of electronic communication. It provides world-class email, messaging and collaborative solutions, allowing businesses to not only streamline their processes but revolutionise the way they communicate.

The messagehub reseller program enables partners to resell the messagehub service, complimenting their product portfolio and creating new recurring revenue streams.

This year messagehub will be running an exciting promotion. Every Reseller to sign-up to the Reseller programme as a result of the **Channel Expo 2007** will be eligible for "**The Best Performing Reseller 2007 Award**". The award recognises the highest performing Reseller in terms of the amount of users signed up by the 30<sup>th</sup> August 2007.

The winning Reseller will receive a **corporate day at the British F3 GT Finale at Rockingham for themselves and 5 guests**. The competition package will include Company sponsorship of a Porsche 997 GT3, pit and paddock passes for the entire party, a corporate box, complimentary meal and drinks.

To promote this event, the messagehub stand will have the actual car taking part in the British GT races at Rockingham! Visitors to the stand will not only get to see the Porsche 997 GT3, but will also see live demonstrations of the messagehub solution.
